

Unified Virtual Keyboard for Indian Languages Installation Manual

Overview:

CDAC - GIST is pleased to offer Indian language Keyboard for Android devices. This keyboard driver supports 22 official Indian language(s) inputting using enhanced INSCRIPT standard layout. English inputting is also made possible without a need to switch between the Android native English keyboards.

It works on Android version 4.1 and above, provided the version supports complex rendering. This keyboard driver is available for free non-commercial purposes only. For any information Kindly contact info.gist@cdac.in

Salient Features

- Uniform user experience for Smartphone and desktop user.
- Quick learning and based on standard INSCRIPT keyboard principles
- Automatically aligns with vertical and horizontal display screen.
- Compatible with latest Unicode version
- Support Indian languages digits, symbols including rupee symbols.
- Integrated with English layer; thus no need of invoking external English keyboard.
- Long pressing of key invokes the next character from the varga.
- Onscreen keyboards are made available for Assamese, Bengali, Bodo, Dogri, Gujarati, Hindi, Kannada, Kashmiri, Konkani, Maithili, Malayalam, Manipuri, Marathi, Nepali, Oriya, Punjabi, Sanskrit, Santhali, Sindhi, Tamil, Telugu and Urdu.

Installation Instruction

1. Download the apk file to the Android device(Phones and/or Tablets).
2. Locate the apk on the device and touch the apk to install it.
3. You might get the warning message indicating Installation is Blocked. In such cases, Go to the Settings → Security and check “Unknown Sources”. Go back from the settings menu and again locate the apk and repeat step 2. (Kindly note that the actual warning message may vary depending on the mobile/tablet model)
4. After successful installation, the icon of the Soft Keyboard will be created
5. Touch the icon and follow the instruction mentioned to complete the setup of the Keyboard.
6. How to use/enable these keyboard(s) is given in the help message after installation.
